

46th Annual Interstate

Shorthorn

**SHOW
AND SALE**

STOCKYARD'S SALE ARENA

SIoux CITY, IOWA

FEBRUARY 16-17, 1959

Invitation

To all stockmen interested in the production of more and finer quality beef we cordially invite you to our livestock show, our beef buffet dinner, and the forty-sixth annual sale of shorthorn cattle consigned by leading breeders of the Interstate area.

After working with the purebred shorthorn breeders of this area for the past year it is easy to understand why this association has continued to progress, year after year, until it has become one of the oldest exhibits of consigned shorthorn cattle in this country.

Most of the cattle in this sale were nominated to be offered here in early August of last year, and have not been on private offer since that time.

Most of the cattle in this sale were selected from the top one-third in the herds of their origin.

It has been my pleasure to personally inspect a majority of the cattle offered in this sale. I find them a great lot. We have bulls of excellent fleshing quality, combined with commanding breed character. They will do themselves proud in any purebred herd. We have many long aged bulls, displaying great bone, substance, and weight for age, suitable for modern range beef production. We have several younger well bred bulls which will be ready for service by Spring. They should accommodate the farmer or small breeder who has a limited number of females in his herd.

The females divide about evenly into two groups. The older females are a breedy lot of growthy heifers bred to the best bulls of the breed. The younger females are a typy group of open heifers suitable to add to a show herd, to your own breeding herd, or for use as 4-H and F.F.A. projects.

Where footnotes appear in this catalogue, they were furnished by the consignor.

The association assumes no responsibility for accidents to any person or his property, however, the consignors and their herdsman will exert their skill to prevent injuries of any nature to our guests.

Again, it has been the willingness of the consignors to reserve these animals for this annual show and sale, year after year, that has made it possible to collect this excellent group of breeding cattle for our 1959 show and sale.

Dr. John Dewar, Secretary & Sale Manager

SCHANER OUTLOOK 4TH - A very well balanced dark red bull, on good straight legs. He has everything his 3/4 brother had that was Reserve Champion at the Sioux City Sale last year. We think more of him because he is out of a full sister to the Iowa Royal Champion we had that sold for \$2,000. to Joe Winkler. The sire---a first prize winner at Denver as a Senior Yearling, and selling for \$1500.---after 3 years service for us. Proof that this should be a herd bull for some good herd.

LAVENDER MAIZIE 4TH - A modern type Shorthorn female. Sired by Imported Kair Courier and from our Canadian Lavender family. Sells Open. Bangs Vaccinated.

BEST IN EVERY "WEIGH"

Standard Guarantee of the American Shorthorn Ass'n.

1. Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.

2. All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder, notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.

3. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age shall not be served by a heavy or old bull. Cows or heifers sold as bred, or safe in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller.

4. When an animal fails to comply with the above guarantee the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial for a period not to exceed six months. The expense of freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction of all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any animal later substituted.

5. All animals are sold to comply with the laws regulating Tuberculosis and Bang's Disease of the state or country into which they may be shipped.

6. Certificates of registry and transfer will be furnished with each animal sold. A signed pedigree application for unborn calves will be furnished with bred females, showing names and record numbers of sire and dam, as well as service date.

7. Shipment will be made as soon as possible after the close of the sale, but at purchaser's risk of loss or injury after animal is bid off.

8. This shall constitute a contract between the consignor of each lot and its respective purchaser, without involving the interstate association, its officers, directors, or the sale manager.
